**TEXT 1:**

- Double-sided touch fasteners for bundling and fastening cables, hoses, plants etc.. Perfect cable ties for individual cable management.
  - Double-sided hook-and-loop tape is versatile and can be used in the office, at home, in the garden, in the workshop, in the music studio or whilst camping. Perfectable tidy!
  - Simply cut to custom length. Reusable and with extra strong touch fastener backing.
  - Double-sided fastener (hook-and-loop cable ties) with particularly soft velour quality, gentle on all surfaces, even suitable for bundles of fibre optic cables.
- 

**TEXT 2:**

LTC ROLL STRAP hook-and-loop roll: The universal solution for bundling and fastening. Perfect for cable management!

The LTC ROLL STRAP double-sided touch fastener roll is suitable for bundling or fastening cables, cable harnesses, hoses, plants, and more. The double-sided hook-and-loop tape is the superior and recyclable alternative to standard cable ties and tape.

The hook-and-loop fastener tape is versatile and can be used in the office, at home, in the garden, in the workshop, in the music studio or whilst camping. Simply cut the hook-and-loop band to the required length and use again and again thanks to the extra strong touch fastener backing. The especially soft velour quality is gentle on all surfaces.

Therefore the LTC ROLL STRAP double-sided hook-and-loop roll is also suitable for bundling fibre optic cables together.
